Thank you! (PHI 107)

Hi Antonio!

I just wanted to say thank you for everything throughout the course! I really enjoyed this class and the discussion section with you made it a lot easier to understand the material we went over during class. The resources you provided us for essays were incredibly helpful.

Thank you for everything! My understanding of philosophy is a lot better because of the course and I plan to continue taking philosophy courses throughout my undergraduate career.

It meant a lot to me and helped me feel successful in a course I found a bit challenging. I hope you have a nice holiday season, and best of luck with everything!
